

2011-2012 Parent Social Security/Birth Date Verification

We received the results of your FAFSA application; however, the U.S. Department of Education indicated that you reported an invalid social security number, name, and/or date of birth for your father/stepfather and/or mother/stepmother. In order to determine your aid eligibility, your parent(s) information is required.

A correction will be processed with the U.S. Department of Education and a new SAR will be processed. The Financial Aid Office will then be able to work with your file to determine your aid eligibility and process an award.

Mother/Stepmother

Legal First Name (print)

Legal Last Name (print)
